Subject: Catching up and a 3D viewing article

Hi Bill,

Gee it's been many years since we last met! The reason for my email is to see if I could call you to catch up, for one thing, and to ask if you would mind reviewing an article I'm writing on a new approach to the age old technology of 3D viewing. If you felt someone else would be more suited to the topic I'd appreciate being put in contact with them.

Sydney is GMT+10:00 so Toronto would be a morning call, your time and Redmond would be later afternoon.

I look forward to hearing from you.

Regards,
John Hilton
